

# Titus

## Glissando CR

Stand-alone door  
soft closing system

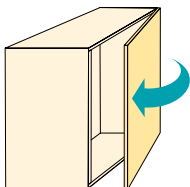

Gelmar

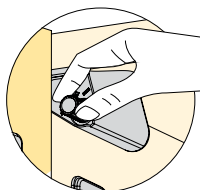

# Glissando CR

Glissando CR  
Corner Soft Close

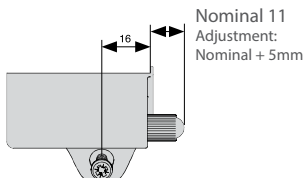

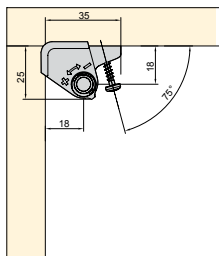

- Intuitive 'place and fix' installation in the corner of the cabinet
- Tool-less damping adjustment
- One item for a wide range of doors
- Reliable performance
- For Full Overlay concealed hinges

Adjustment of the damping force

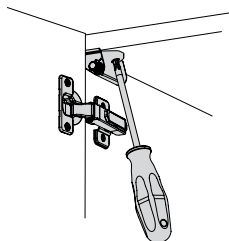

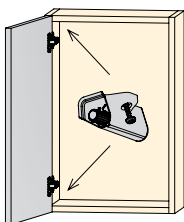

Tool-less adjustment:  
Turn towards '+' to increase or towards '-'  
to decrease the damping force

## Dimensions

The functionality of the damper depends on the hinge's closing force.  
A trial mounting is always recommended

## Mounting

\* Always mount Corner Soft Close on the Hinged side of the cabinet
