364	Handle Grip	3m	22.4	31.1	Silver	Aluminium

The Surface Mounted Roller Shutter door can runs into the back of the cupboard where it is concealed behind a false back

## Preparing for Installation

### STEP 1

Measure the internal height and width of the cupboard.

Vertical  
↕  
Sliding direction

STEP 2

Calculate Cutting List

Internal width	W
Internal height	H
Internal depth	D

Description	Qty	length mm
U-Channel-Front	2	= H-53
U-Channel-Top	2	= D-106
U-Channel-Rear (min.)	2	= H-D+60
Track-Front	2	= H-68
Track-Top	2	= D-136
Track-Rear	2	= H-D+45
Slats - Qty=(H(mm)/60 +1)	13	=W-26
Handle Grip	1	=W-60
Handle cover	1	=W-35
Handle Guides	2	
Corners	4	

Installation

STEP 3

Installing the Roller Shutter

Roller Shutter door with 90° Corner Track
