

Installation Continued...

STEP 7

Adjust the L-shaped bracket with the castors, make sure the castors are put into the U-shaped slot completely and tighten the screws with a screw reamer.

STEP 8

Install the runner protective cover.

STEP 9

Install panel hangstrip.

Cabinet	Z
450 / 500	315

STEP 10

Screw the screws out of the connecting strip, as the sequence revealed in the picture, connect the slip frame and the top of the panel hangstrip with the connecting strip (Attention: The connecting strip has the differentiation from left and right), and tighten the screws.

STEP 11

Screw the screws out of the connecting strip, as the sequence revealed in the picture, connect the slip frame and the bottom of the panel hangstrip with the connecting strip (Attention: The connecting strip has the differentiation from left and right), and tighten the screws.

1 x U-Iron

1 x L-shaped Bracket

2 x Connection Strip

2 x Runner
Protective Cover

1 x Pair Runners

2 x L-shaped Iron

16 x ST3.5
Tapping Screw

25 x ST3.5
Tapping Screw

Installation

We recomend that you install a shelf at the top of your cabinet, creating more storage space and reducing the extension height of the L-shaped bracket

STEP 1

As the size revealed in the picture below, drill 4 small holes Ø2.5mm respectively on the top cabinet panel.

STEP 2

As the size revealed in the picture below, drill 12 small holes Ø2.5mm respectively on the bottom cabinet panel.

STEP 3

Install L-shaped iron.

Tighten the screw through the hole

STEP 4

A: Screw the loaded screws out of the slip frame, attach L-shaped bracket with castors into the frame tube as illustrated in the picture and screw up the screws but it is not necessary to tighten them.

B: Fix the frame installed in step A to the L-shaped iron sheets with 4 screws M6x25.

The frame can be turned around to accommodate for a left or right opening cabinet.

STEP 5

Fix the runners onto the bottom frame panel with the 12pcs tapping screws ST3.5x16.

STEP 6

Fix the U-iron onto the cabinet top with 4 tapping screws ST3.5x16.
